Offshore Racing FAQ

Will I get to drive? Yes. Each of the boat's passengers will take a turn driving, while an expert captain and throttleman provides instruction.

What is the boat capacity? We have a variety of boats. Most hold four guests plus our captain.

Are there any physical requirements? Participants should be in reasonably good health. Although our boats provide a smooth ride across the water, this adventure is not recommended for pregnant women or those with serious back problems.

How long will I be on the water? We offer a choice of two-hour, four hour and all-day charters.

What if it rains? We'll go out as long as it is safe to do so. In the rare event we need to cancel a trip due to extreme weather conditions, we'll work with you to reschedule for another date.

Some race boats have seats and some have compartments for standing.

What should I wear? Wear casual clothes for your offshore adventure and soft sole shoes. Don't forget a hat, sunglasses, sunscreen and a camera.

Sample Pricing & Itinerary

Boca Raton

Two Hours	\$4200
Four Hours	\$5950

Miami/Ft Lauderdale

Four Hours	\$6500
Six Hours	\$8250

Price is per boat, for up to four passengers and includes instruction, vessel time, fuel, refreshments & Captain gratuity.

Ground School

You'll meet your captain dockside and go over your pre-cruising check list. After a safety briefing and orientation, you'll begin your lessons at sea.

"Flight" Training

In the Intercoastal Waterway, you'll learn the rules of the road, speed zones and docking procedures. Then, it's into the Atlantic where you'll practice planing up to speed, maneuvering through zones, wave jumping, throttling, course maneuvering, starting and stopping.

Custom Powerboat & Sailing Adventures for Groups & Individuals

The Incredible Adventures Offshore Rocket Powerboat Adventure is offered in cooperation with Florida's Palm Breeze Charters. They've been making boating dreams come true since 1987.

Lead Captain Charles Mount has been operating fast boats in Florida waters for more than 30 years and has been sailing since the age of 19. He and his team operate many of the chase boats for major powerboat races.

You can rest assured we've found the best people to provide you with an incredible offshore driving adventure. Each adventure is customized for you.
